

DONKEY CARE, HEALTH AND WELFARE

Course code: CWEL101

 1 August 2023 [Read on The Donkey Sanctuary website](#)

The aim of this course is to promote good health, welfare and wellbeing of donkeys worldwide by providing comprehensive guidance on their care.

Free online course. Open to all. Self-paced.

COURSE DETAILS

This course enables us to share the vast expertise and experience of those working for, or with, The Donkey Sanctuary. It highlights the important issues that you need to be aware of about donkeys and includes evidence-based information, or that with which we have experience of at The Donkey Sanctuary.

*This is an updated version of Introduction to Donkey Care, Health and Welfare: Part One (CWEL101) which is no longer available.
